General Details

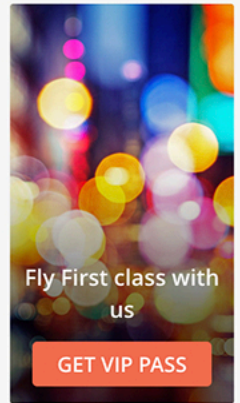

Run, don't walk to set something up with Chloe and Oliver! First off, their ad will hook you in with extremely flirty and naughty language. Easy to set up, and Chloe even sent me dirty pix in advance. I went to their majorly upscale and cool hotel and Oliver came down and picked me up...

The Juicy Details

She and Oliver were really nice, cool people, and when we got to the room she looked insane hot in the sexy secretary outfit I requested. I booked 90 min, cause I didn't want to feel rushed and they were great fun to watch. We did a role play scenario, and I was acting very inappropriately toward our new job interviewee, Chloe. I decided I wanted to be an observer, so I didn't opt for the extra of getting to touch Chloe, which I now deeply regret, as her ass and body were amazing. I had her spread her legs in her skirt, which rolled it up to show her panties. I have an ass fetish, and she spread her cheeks for me. She throated Oliver and he ate her pussy. I would say her lady parts are about the prettiest I've ever seen.

Oliver banged her in every position and blew all over her face, like I requested. I was close to the action for all of it, but like I said, you should splurge for getting to touch her bod. She suggested I could be under her while she was getting banged, and that would have been fun!

Nice and friendly to talk to once we wrapped up as well! Oliver's into music and we drilled down on the subject. When they're in your area, you should give them a call!
