The Juicy Details

I was very pleased seeing that they looked like their pictures. Chloe is very beautiful and if you are OK with little tits with magnificent nipples you should be happy. The basic service is just to watch, but for an extra fee you can touch Chloe except for the more intimate parts. I paid the extra I wanted to touch that fine ass and pretty titties, Warning no sucking. After an initial conversation to establish what you want to see, the fun begins.

Oliver starts kissing Chloe and getting her naked. He will take instructions from you, like I told him to lick her pretty asshole. After a while she pulls out his nicely endowed cock and takes it in her mouth, deep and very sensual. Then they proceed to fucking in various positions and are open to suggestions. I asked Oliver where he was going to cum and he said anywhere you want! He came on her face.

After they were done Oliver excused himself to the bathroom and left me alone with Chloe. I puled out my cock and she encouraged me to take of myself. During this time she touched me, like my legs but not in an intimate way. She encouraged me to come which I did.

Initially when I left I thought one time would be enough, but the more I think about the more I would like to see them in action again.

Be confident, be VIP!
