General Details

So worth the wait - these two are more genuine than most. Smart, witty, welcoming and most importantly very approachable. Had to meet them as no product or service in any industry could possibly have so many fantastic reviews that consistently are positive and outstanding. Well this is another review that is glowing with accolades for Chloe and Oliver...they do not disappoint! Can't stop thinking about Chloe's smile and so much more...

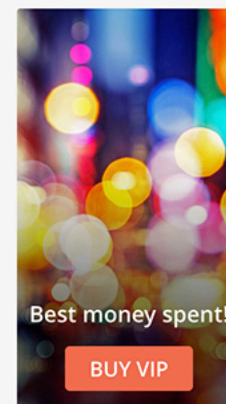

The Juicy Details

Great discussion about my fantasy and how these two could help me fulfill it (almost)...I start by personally giving a naked Chloe a very deep sensual massage with coconut oil. She truly enjoys the therapeutic massage as I address every inch of her body (besides her privates down South). Special attention is given to her soft succulent bottom, long tender legs and beautifully manicured toes and feet. I then ask Oliver to join me and the two of us give her a 4-hand massage that has her as relaxed as one could possibly get. At this point I give Oliver the green light to go ahead and taste her delicious honey spot and to then turn her over and have a taste of her very sweet and tender bottom. Chloe loves it!

She then reaches for a taste of his cock followed by some very sloppy (the way I like it) sucking and slurping. He's plenty hard and proceeds very lovingly through missionary, doggie, spoon fuck and at the request of me a reverse cowgirl. Throughout all this fornication I have my hands all over Chloe. Finally, Oliver stands on the bed with Chloe on her knees and cums in buckets in, on and around her lovely tongue, cheeks and very pretty teeth.

Oliver retreats to the other side of the suite...Chloe sits slightly higher than me as I am on a bench across from the bed. She props her delicious feet on each of my knees and fingers herself ...yes, I have no choice but to stroke my bulging cock until a very nice rope of semen escapes the volcano...what a smile this brings to her face!

Clean-up, bid adieu and off to TER....just writing this has me hard as a rock again thinking about that ass, those legs, those pretty feet, her pretty hair and that smile.
